

I am on the no calls list with the Indiana attorney generals office and I want my name and phone number left there for I don't want to be bothered with salespeople calling me at my house.the statute I am refering to is"02-278". there has been at least 12 calls including on sunday a.m. now i dont recieve them and home is peaceful without someone trying to sell me something i don't need so please don't mess this up for me like other govt.officials do to people.
